	Scope	Check	Finding	Action
ERROR	Envelope	Cash reconciliation	Float $400.00 – float disbursements $176.24 = $223.76 cash expected back; $221.76 returned. SHORT by $2.00.	Resolve with the crew member (missing receipt, lost-receipt affidavit, or cash correction).
WARNING	PC001-002	Receipt arithmetic	Subtotal $86.25 + tax $8.19 = $94.44, but the receipt's printed total is $94.94 (difference $0.50).	Confirm the amount actually paid; the vendor may have mis-totalled. Attach a note if reimbursing the printed total.
WARNING	PC001-003	Personal card	The bill $100.29 by Visa, paid by crew member personally (reviewer): personal card expense approved. Counted as eligible; reimbursement is still owed (not paid from the float).	Sign off that this personal card expense is allowed under the job's policy.
WARNING	PC001-004	Personal card	The bill $54.99 by Mastercard, paid by crew member personally (reviewer): personal card expense approved. Counted as eligible; reimbursement is still owed (not paid from the float).	Sign off that this personal card expense is allowed under the job's policy.
INFO	Envelope	Reimbursement owed	$155.28 of approved personally paid expenses has not been reimbursed from the float, so it does not reduce the cash expected back.	Reimburse through accounting, or record it if it was paid out of the float.
INFO	PC001-004	Tip paid by card	Tip $9.00 is included in the card charge of $54.99.	Counted once, as part of the card charge.
INFO	PC001-004	Suggested gratuity	Receipt shows suggested tip amounts; these were NOT counted.	No action needed.
